

GOLDHILL

MEMORIAL CENTER

Connecting Generations, Cherishing Legacies

The Vision - Goldhill Memorial Centre

A heavenly paradise where ancestors peacefully rest and eternal blessings flow. Tranquil space that purifies the heart and soul for ancestral worship. Inspired by these vivid visions, a team of veterans from the bereavement industry came together to build Asia's future of quintessential columbarium. A divine pinnacle of spiritual wellbeing, Goldhill Memorial immortalizes legacies and family roots by leveraging into technology and providing an exceptional experience.

Goldhill Memorial is built on these foundations of core values:

Honor and Filial Piety

Parents unconditionally bestow love and support to insure their children good lives. Goldhill Memorial timelessly extends families legacies for future generations by creating the space for repaying parents' sacrifices.

Family Cohesion

With the disappearing shared cultures and memories within families, generations are losing their family-defined identity. By uniting generations together, Goldhill Memorial is cherishing legacies and building family's first step towards a hopeful future.

Innovation

Applying innovative technology and emphasis on luxurious ambience, Goldhill Memorial is revolutionizing the columbarium industry through sustainability and progress.

Re-Inventing the Columbarium

Singapore's journey of prospering into a first world country is fueled by tremendous evolutions and breakthroughs. Interestingly, the columbarium industry is progressing minimally while demands continue to grow. Generations' rising expectations and land scarcity in Singapore direct Goldhill Memorial's path of pioneering a new age of columbarium services.

Presenting a leap of the industry's evolution, Goldhill Memorial elevates society's perception and experiences of memorial activities.

1960

Tombs

Singapore's land scarcity and gentrification process have made these memorial processes obsolete.

1980

Government Columbarium

Development of outdoors columbarium with systematic clusters of wall niches allowed weather conditions and seasonal crowds to affect visitors.

2000

Premium Columbarium

A recent solution to save columbarium spaces and perpetuate memorialization traditions created a more comfortable environment for memorial services.

2019 / 2020

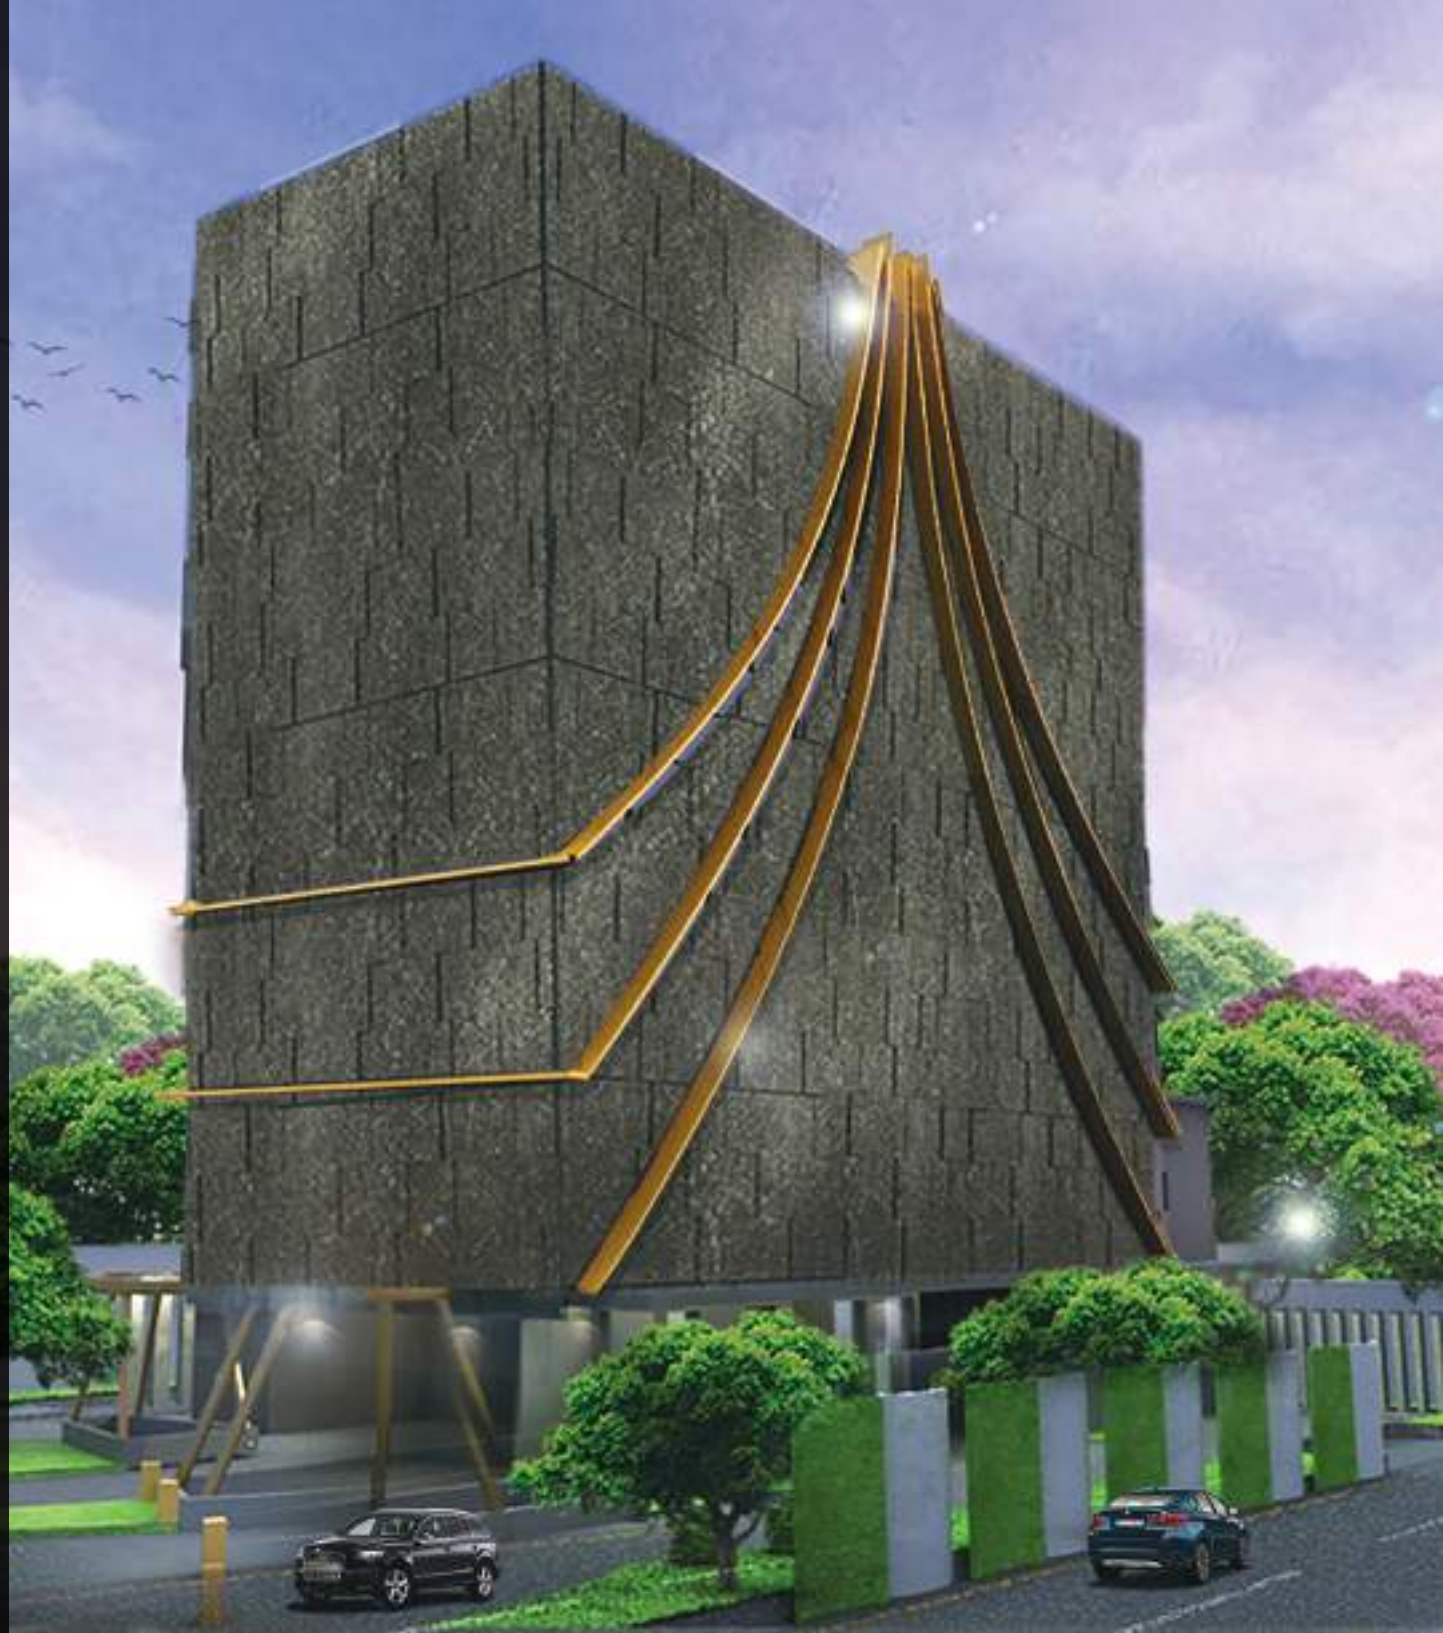

Goldhill Memorial

An innovative solution to the generations needs and preferences, integrated with luxurious 5-star hotel experience.

A New Era of Columbaria

Conveniently located near residential districts of Tampines Road and along future Cross Island MRT line, Goldhill Memorial immerses guests in rich experiences of rejuvenation and enlightenment by every corner of the design. A consummate integration of essential elements of life: Sun, Water, and Air, Goldhill Memorial's building culminates a timeless purification of the mind and spirit.

An ultimate destination to reminisce legacies of loved ones, Goldhill Memorial is the perfect blend of grandeur with bespoke services for ancestral resting places and memorialization traditions.

Unparalleled experiences at every step...

➤ Be transported to a luxurious haven upon entrance, as Goldhill Memorial's elegant interiors and delicate layouts welcome guests into an enchanting experience of a world-class memorial service.

➤ A simple tap of visitors ID card on the sensors located in the private booth quickly activates Goldhill's smart system to bring their family's urns right to them.

➤ Surrounded by maximum privacy and tranquil atmosphere, a personalized video montage immerses guests in an intimate and sweet reminiscence of their loved ones' legacies and memories.

➤ As guests luxuriate and rejuvenate in perfect serenity at Goldhill's graciously polished lounges, delightful refreshments are served to satiate guests.

➤ Indulge in a luxurious lifestyle as our gold standard butler services provide all kinds of personalized assistance during customizable memorial events in Goldhill's selected rooms: our exclusive VIP Room and Luxurious Suite.

Private Booth

Refined for peaceful and intimate moments with loved ones, the private booth features classic and delicate decors that complement the elegant lighting and intricately sculpted walls.
